

GERIATRIC MEDICINE SEMINAR SERIES

CHSR UQEX INITIATOR GRANT SEMINAR

Theme: *The economics of dementia – Using the economics perspective to reflect on current and future issues in dementia*

Panel discussion:

International Guest Speaker - Professor Colin Green, University of Exeter

Local Guest Speakers - Professor Julie Ratcliffe, University of South Australia, Professor Stephen Birch, Kim-Huong Nguyen and Associate Professor Tracy Comans, The University of Queensland.

As part of the UQ – Exeter collaboration we would like to invite you to a half day seminar on the economics of dementia featuring the listed presentations and followed by a panel discussion.

- *Why should we plan for future prevalence of dementia? The burden of disease and cost of illness*
- *Model-based evaluation of interventions for people with dementia and carers: why is it important and what is the current state of the art?*
- *Two way interactions: How should we incorporate the carer-person dyad when evaluating programs?*
- *Planning for the future: Integrated needs-based planning for services and workforce*
- *Consumer directed care: joint decision making and choice*
